Bob - Thank you for your interest. There will be a Federal Register notice in the next few weeks which will have the information about nominating peer reviewers, including the procedure for nomination. The nomination procedure will be submission to a contractor via a website. We will send out a notice to everyone on our Bristol Bay listserv and through the local when the federal register is published. If you have questions when the notice is published, please feel free to contact us.

Sheila M Eckman
Bristol Bay Watershed Assessment Project Manager
EPA Region 10 Office of Ecosystems, Tribal and Public Affairs

Bob - I forwarded your inquiry on to Rick Parkin and Sheila Eckman...the people who actually know something about this.

They'll get back to you directly.

Thanks - Bill.

Bill -

Greetings from the frigid north.

I am being asked how to nominate names for the peer review panel. As I recall, the review and selection of people is being made not by EPA but by an independent contractor. If this is so, how should any nominations be directed?

Bob Waldrop
